

## Prof. MOHAMED AZEROUAL

Higher School of Technology, Moulay Ismail  
University, Morocco

As a Professor of Electrical Engineering at the Higher School of Technology, Moulay Ismail University, Morocco. He received his PhD in 2021 from Sidi Mohamed Ben Abdellah University in Fes, specializing in smart grids, renewable energy integration, fault location methods in power systems, and advanced energy management. His research centers on developing intelligent solutions to optimize energy systems, enhance the resilience and reliability of power grids, and support the seamless integration of renewable energy sources into power grids.
