

DR. EMRE DEMİREZEN

Head of Industrial Relations and Contracts
Department, Turkish Energy, Nuclear and
Mineral Research Agency (TENMAK)

He earned his B.Sc. degree in Physics Engineering from Hacettepe University in 2008, his M.Sc. degree in Science and Technology Policy Studies from Middle East Technical University (METU) in 2014, and his Ph.D. in Earth System Sciences from METU in 2022. From 2008 to 2010, Demirezen worked with several university technopolis companies, focusing on bioinformatics and the development of electro-optical products and technologies for the defense industry. Following these experiences, he served as a Research Assistant at METU from 2012 to 2022. During his graduate research on photovoltaics, meteorology, climate change, and environmental modeling, Dr. Demirezen was involved in various research activities at METU Center for Solar Energy Research and Applications (ODTÜ-GÜNAM). His work included national and international project design processes, institutional preparation and documentation related to the transition to Law No. 6550 on Supporting Research Infrastructures, corporate communication, and the organization of national and international scientific and technical events, as well as public relations. Since October 2024, Dr. Demirezen has served as the Head of Industrial Relations and Contracts Department at Turkish Energy, Nuclear and Mineral Research Agency (TENMAK).
